## Definitions

“Number of Students Who Began Program” means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

“Students available for graduation” is the number of students who began program minus the number of students who have died, been incarcerated, or been called to active military duty.

“Number of On-time Graduates” is the number of students who completed the program within 100% of the program length within the reporting calendar year.

“On-time Completion Rate” is the number of on-time graduates divided by the number of students available for graduation.

“150% Graduates” is the number of students who completed within 150% of the program length (includes on-time graduates).

“150% Completion Rate” is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

“Graduates available for employment” means the number of graduates minus the number of graduates unavailable for employment.

“Graduates unavailable for employment” means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

“Graduates employed in the field” means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, are for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the sixth months period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

“Placement Rate Employed in the Field” is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

### **STUDENT’S RIGHT TO CANCEL**

You may cancel the Enrollment Agreement and receive a refund of charges paid by providing a written notice to the Registrar, Rabbi Chaim Citron at Yeshiva OhrElchonon Chabad, 7215 Waring Avenue, Los Angeles, California 90046, Tel. (323) 937-3763.

#### **Refund Information:**

The institution shall refund 100 percent of the amount paid for institutional charges, less \$250 of the registration fee, if notice of cancellation is made through attendance at the first class session on 10/31/2016, or the seventh day after enrollment, whichever is later.

In addition, the student may withdraw from the course after instruction has started, and receive a pro rata refund of moneys paid for institutional charges. Refunds will be calculated on a pro rata basis, based on how many days of the semester the student attended. If a student withdraws before 60% of the semester has passed, the refund will be calculated as follows:

1. The number of days that the student attended divided by the number of days in the semester equals the percentage attended.
2. The student’s tuition charge for the semester multiplied by the percentage attended equals the tuition amount to be retained by YOEC.
3. The student’s tuition charge for the semester minus the tuition amount to be retained equals the refund amount.

If the student has received federal student financial aid funds, the student is entitled to a refund of moneys not paid from federal student financial aid program funds. This applies to students who have completed less than

60% of the period of attendance. (For example, if the student completes only 30% of a course, and paid \$500 tuition, the student would receive a refund of \$350.)

Students that withdraw after 60% of the semester has passed are responsible to pay for all charges for that semester.

The school will also refund money collected for sending to a third party on the student's behalf such as license or application fees.

If the school cancels or discontinues a course of educational program, the school will make a full refund of all charges. Refunds will be paid within 45 days of cancellation or withdrawal.
